PROFILE

I am ASP.NET Developer with 3 years of hands-on experience in building and maintaining web applications. Proficient in C#,ASP.NET MVC,MVC Core and Web API, with a solid understanding of front-end technologies like HTML, CSS, and JavaScript. Familiar with database management using SQL Server and Entity Framework. Experienced in working within agile development environments,leveraging collaboration and version control tools such as Git. Strong problem-solving skills, demonstrating the ability to adapt to new technologies and frameworks. Committed to writing clean, efficient code and continuously improving performance and user experience. Seeking opportunities to further develop technical skills and contribute to innovative projects within a dynamic team.
