Objective

Software Engineer with 4 years of experience on Java development, strong problem-solving abilities, and proven track of thriving in collaborative environments. Passionate about coding, technology and continue learning. Seeking a challenging role as a Java Backend Developer to apply my skills in building efficient, scalable, and high-quality software solutions.

Experience

Edunext Technologies Pvt. Ltd.

Java Developer — Nov 2023 – Dec 2024

School ERP Software

- Migrated a monolithic School ERP application to Microservices and developed RESTful APIs for the client portal.
- Designed and implemented modules such as Transfer Certificate, ERP Form, Homework/Assignment, and Student Remarks.
- Optimized existing Java code to improve API response time and overall performance.
- Conducted local testing and created pull requests via GitHub for code integration.
- Handled tickets related to specific modules, providing timely bug fixes and enhancements.

Tech Stack: Java 8, Spring Boot, Microservices Architecture, JPA, MySQL, Liquibase, REST Template, AWS, API Gateway.

DecipherZone Technologies Pvt. Ltd.

Java Developer — Nov 2021 – Aug 2023

Source Distribution (E-Commerce Project) and Trading Application

- Developed a trading application enabling real-time monitoring of profit/loss and in-depth market analysis.
- Created and maintained REST APIs and fixed bugs in existing APIs to improve reliability.
- Built an e-commerce platform where admin mediates transactions, adjusts pricing, and manages profit generation.
- Performed local testing and pushed verified code to GitHub repositories.

Tech Stack: Java, Spring Boot, Microservices Architecture, JPA, Hibernate, MySQL, AWS, API Gateway, Liquibase Migration, Feign Client, Eureka Server, Git, Spring Security, Swagger.

Invesca Technologies

Java Developer — Aug 2020 – Sep 2021

Data Management System

Collaborated with team members to implement features, debug issues, and improve overall application performance.

Tech Stack: Java, JSP/Servlets, HTML5, CSS3, MySQL, Git.

Technical Skill

Language	: Java
Database	: MySQL, PostgreSQL
ORM / Middleware Service	: Hibernate, Jpa, JDBC
Web Service	: RESTful APIs
Framework	: Spring MVC, Spring boot, Spring Security, Spring Data JPA
